High quality electrical lock with aluminium housing and stainless steel mechanism. The handles are blocked when the lock is powered. The 20 mm continuous adjustability of the bolts allows a perfect latching / locking of the mechanism. A solid stainless steel deadbolt with a 23 mm throw guarantees a secure locking. For a fast and highly precise installation, we recommend using the Drill-Fix drilling jig.

TECHNICAL SPECIFICATIONS

Left-Right Adjustability	Yes
Daybolt Adjustability	20 mm
Nightbolt Adjustability	20 mm
Key-operated Self-Latching Bolt	Yes
Throw	Nightbolt 23 mm
