Standard code locks

LFKQX1

https://www.locinox.com/en-gb/gate-hardware/locks/standard-code-locks/d00000033

Superb mechanical code lock with aluminium housing and stainless steel mechanism. The Free Vinci offers you the possibility to secure one side with a code for entrance while leaving the other side free for exit. No batteries nor electricity are required, which makes it very easy to equip any gate with access control. The 20 mm continuous adjustability of the bolt allows a perfect latching / locking of the mechanism. For ornamental and chain link gates. For a fast and highly precise installation, we recommend using the Drill-Fix drilling jig.

TECHNICAL SPECIFICATIONS
