Standard code locks

LMKQV2

https://www.locinox.com/en-gb/gate-hardware/locks/standard-code-locks/d00000035

High quality mechanical code lock with aluminium housing and stainless steel mechanism. The Vinci requires no batteries nor electricity, which makes it very easy to equip any gate with access control. The 20 mm continuous adjustability of the bolts allows a perfect latching / locking of the mechanism. A solid stainless steel deadbolt with a 23 mm throw guarantees a secure locking. For a fast and highly precise installation, we recommend using the Drill-Fix drilling jig.

TECHNICAL SPECIFICATIONS
