Turnstiles

TT-FC2

https://www.locinox.com/en-gb/gate-hardware/turnstiles/p00008194

With the electromechanical module an operator has the ability to control incoming and outgoing traffic. Granting access or closing the system, changing the rotational direction and executing access control, all can be managed easily with the TURNITEC module. After authorisation the turnstile is unlocked electronically and visitors have access to the terrain.
